Subject: DER 6 Biota Data Analysis Report

This is the link to the report on Sharepoint that the Partner Agencies reviewed from 6/25/12 to 7/31/12:

<http://passaic.sharepointspace.com/members/Reporting/Report%20Documents/2012-06-22%20DER%206%20Biota%20Data%20Analysis%20LBG%20Agency%20review.pdf>

Attached are the comments that NJDEP sent me.

We had a conference call with the Partner Agencies on 8/7/12 to discuss their comments. Reyhan Mehran, Tim Kubiak, Leo Korn, Jay Nickerson, Gary Buchanan, Nancy Hamill were among the participants (along with EPA, Louis Berger and Battelle folks).

We are currently doing some additional analyses on the BSAFs to respond to a NRRB comment. So after we document those analyses in a revised DER 6, the Partner Agencies will get to see it again.
